PJC!

You all displayed your best to throw Mama Mary a most unique and inspiring birthday party. During each of the last eight days of Table Talk with Mama I have enjoyed placing each of you, hosts and hostesses, as well as our youthful guests and senior tradition bearers, who joined in on faith fun. This is how 2,000+ of Catholic believers practiced healing, inspiring fun, and spirituality with "hands and feet" (Polish proverb) as well as heart and soul.

It was so restorative and vibrant to see children among balloons, gals and guys in Polish and renaissance costume, pennants, flowers, music, and pin wheels playing at Mama Mary's feet, while not forgetting to pray at the Table you set with summer color, health, nourishment and kneel before her Son along with the knighted Hussars, a general with Black Madonna shield, the Harvest Princess and loaf, and the most holy of all bread, that of angels, Jesus' Body, Blood, Soul and Divinity.

The Ladies received anointing with rose oil, the gentlemen an armored prayer begging Our Lady's protection.

Continue to draw Inspiration and motivation from such a unique, explosion of divine light, color, souls, and hearts, and grace which the Prince of the Poor presented to his Lady Mary, and she to God. Donations for the food pantry were much more than ever expected. More on this when we gather to highlight the manifold goodness of the prep and days and suggest concrete actions to better this first-ever faith-fun, evangelizing endeavor.

Plz take some time to revisit the blessing we and the participants received. Suggest, in the right column way we could make things easier, clearer, or streamlined, maybe even a new endeavor for next year. Please do this soon before the "weaknesses" begin to blur the great blessings received. We so much need to count our blessings, even write them down daily. Plz return by Sept 7th to stcasimirbuffalo@gmail.com. After I compile your RSVPs, we'll gather to discuss in the **Social Hall at 6:30pm, Wednesday September 15, 2021**, the Seven Sorrows of Mary.

Going to the St John Paul Papal Prayer Room now to offer Mass on this the Feast of the Black Madonna, and final day of Table Talk with Mama, for all the intentions received and for all who made time to "throw" Mama Mary of Czestochowa, a Street Fair Birthday and be there to celebrate the Assumption of the Queen of Heaven's Harvest.

Our Improvements

Make concrete suggestions in **your area of specialization** first. Then, make 1-3 general, overall suggestions and/or name one new initiative you could undertake for the coming year.
